BACKGROUND CHECKS

Background checks are required for:

- All persons (clergy and lay) assigned, appointed and/or employed to positions within the CME Church involving the care and supervision of children
- All Volunteers and Employees

All background checks for Miles Chapel will be done through www.protectmyministry.com, which will include:

- National Criminal & Sex Offender Database Search
- County & Statewide Criminal Records [A record search at the county level will reveal previous arrests and convictions. In general records of an arrest more than seven years old are not reported (the seven-year limit may not apply to criminal convictions, depending on your state).]
- Motor Vehicle Records [Churches check motor vehicle records when positions involve the operation of church vehicles and equipment.]
- Employment Verification
- Education Verification [This is done to verify degrees and certifications listed on resumes or applications to include name, address, dates of attendance and degrees earned]
